EXPERIENCE

Software Engineer

Rekaz

January 2025 - Present, Riyadh, Saudi Arabia

- Contributed to building **RekazPay**, a multi-tenant payment infrastructure processing 50K+ transactions monthly, covering the full payment lifecycle including KYC onboarding, payment processing, refunds, and settlement workflows.
- Developed paid **Loyalty Program** and CRM features that increased average merchant spend on Rekaz by 20% through add-on adoption and retention-focused tooling.
- Built **RekazAds**, a large-scale marketing automation platform enabling merchants to manage and automate advertising workflows.
- Built real-time **notification infrastructure** using SignalR and WebSockets, delivering thousands of live notifications daily across a multi-tenant merchant platform.

Summer Intern

Ninja

June 2024 – August 2024, Riyadh, Saudi Arabia

- Explored the Samurai platform and understood the order lifecycle from placement to delivery.
- Gained insights into operational mechanisms such as order stacking logic, captains' wallet management, automated payment processes, and shift management.
- Acquired knowledge of pricing rules, incentive structures, and observed integration and automation processes within the platform.

EDUCATION

Bachelor of Science in Software Engineering

Al Yamamah University • 2025 • 4.0/4.0

- Awarded a 50% scholarship, the highest available.

INVOLVEMENT

Vice President

Google Developer Groups (GDG), Al-Yamamah University • September 2024 – Present

- Grew the GDG community membership by 30%, engaging over 300 students through workshops, tech talks, and hands-on sessions.
- Oversaw technical projects developed by the GDG technical team, ensuring quality, innovation, and alignment with community goals.

Tech Team Member

Google Developer Groups (GDG), Al-Yamamah University • September 2023 – June 2024

- Actively engaged in knowledge-sharing activities within the club, and providing mentorship to fellow students interested in software development and related fields.
- Contributed to the creation of YU Rooms, a platform that simplifies the reservation of 50+ rooms on campus for studying and teaching spaces.
